

***Are you an immigrant or refugee woman
interested in writing?
Do you want to tell the story of how you came to Canada?***

Join The Shoe Project this Fall

September 17, 2019–January 12, 2020

Monday nights from 5:30-8:00pm

Held at the BMO Theatre Centre & the Arts Club Granville Island Stage

What will we do?

Twelve women will work with author Caroline Adderson to create a 600-word personal memoir about their life and journey to Canada through a story about a pair of shoes. The workshops are followed by voice coaching and an optional public performance in January 2020.

We'd like to talk to you if you:

- are between the ages of 18 and 80, have immigrated or come as a refugee to Canada and did not go through the Canadian school system
- learned English as a second language
- want to tell your story, and are interested in learning others' stories
- want to develop your public speaking and leadership skills
- have worked in something to do with language — (therapist, librarian, journalist, etc) — or just want to improve your English

The Shoe Project is work and demands commitment: the program provides a \$400 honorarium to assist with childcare, transport, and the right to publish completed stories.

To apply: contact Zahida at theshoeprojectvancouver@gmail.com for more information.
